- CDPH conducted a conference call for California healthcare facilities on August 18, 2020, to provide updates on COVID-19.
- On August 17, 2020, and 18, 2020, CDPH distributed notification via California Health Alert Network (CAHAN) that California was in Phase II of the State Contingency Plan for Excessive Heat Emergencies. Pacific Gas & Electric Company (PG&E) anticipated some communities to be in rotating power outages. No local Emergency Operations Centers were activated and no requests for assistance were received. Local Health Departments (LHDs) were asked to monitor the heat situation, take appropriate actions to protect vulnerable populations, and submit Situation Reports of any heat-related health impacts as directed in the California Public Health and Medical Emergency Operations Manual. Links to several resources were provided.
- On August 17, 2020, an All Facilities Letter (AFL) 20-66 was distributed via CAHAN. This AFL supersedes guidance provided in AFL 07-23, and notifies Skilled Nursing Facilities (SNFs) and dialysis clinics of updated guidance from the Centers for Medicare and Medicaid Services (CMS) regarding the provision of dialysis services to SNF residents through a collaborative arrangement between the SNF and a qualified dialysis facility.
